

## POETRY.

The following Ode, composed by the Hon. A. Kendall, as sung by Dr. Boyd, at the Inauguration Dinner, at the city of Washington, on the 4th of March, 1837.

### FAREWELL TO THE CHIEF.

TUNE—"Auld Lang Syne."

And is the hour of parting come,  
Thou loved and honored one?  
The hour that calls thee to thy home—  
Thy work all done.

Of war thy deeds our thoughts recall,  
Of peace our memories thrill;  
Corruption slain—the yielding Gaul—  
Thy triumphs fill.

When envy and ambition tried  
To mar thy cherished name,  
"Out with the spot!" thy country cried,  
And out it came.

Victorious thou o'er every foe,  
Thy country's and thy own;  
Midst showers of blessings shalt thou go,  
To thy sweet home.

Yet sad shall be that home to thee,  
Amidst the welcome cheer;  
One dearest form thou shalt not see—  
She sleepeth near.

Farewell, loved chief! when thou shalt sleep—  
With her in that dark cell,  
Millions of grateful hearts shall weep—  
Farewell! Farewell!

The Retort direct.—Some time ago, my friend Aminadab paid me a visit from the country. He lives at Rock Hollow, and we frequently reciprocate civilities of the kind. When I visit Aminadab, he is very particular in showing me the products, pigs, poultry &c. of his well cultivated farm; and when he comes to see me, I endeavor to make his time pass agreeably as possible, showing him about our city and divers other attentions. At his last visit he wanted to purchase some

Respect to the ladies.—In a late communication in one of the city papers, we found the following true sentiment: "I have observed that men who are really most fond of the society of the ladies, who cherish for them a sincere respect, may reverence, are seldom the most popular with the sex. Men of more assurance, whose tongues are lightly hung, who make words supply the place of ideas, and place compliments in the room of sentiment, are the favorites. A true respect for women leads to respectful action toward them, and respectful is usually distant action, and this great distance is mistaken by them for neglect and want of interest."

Of the truth of the above no one who mingles in society is ignorant—and we must confess that we have never so felt our respect for the female sex to diminish, as when we have seen them wasting their smiles and attention upon the unworthy.

SUICIDE PREVENTED BY A CAT.—A few days ago, a young girl, the daughter of one of the overseers of the Hospital des Invalides, having determined upon destroying herself by means of the fumes of charcoal, conceived that she had got rid of every body and every thing that could oppose her project. She accordingly lighted the charcoal, and had already become insensible, when a singular and unlooked for agent appeared to frustrate her purpose—it was her cat, which, either alarmed at the state of her mistress, or not liking the fumes of the carbonic gas, jumped through the window, and by her cries and strange bounding about, exciting the attention of the neighbors, who, suspecting from puss's vagaries that all was not right, burst open the door in time to save the young woman's life.

Fatal Casualty.—A man named Flynn, a farrier, was engaged in some operation upon a diseased horse at a stable in New-Haven, which caused him to get under his body in the stall, when the horse grew restive, prostrated him on the stable floor, and literally trampled him to death in a most shocking manner. He died on Saturday, having survived the accident about 48 hours. Several persons were present, whose utmost exertions, under the circumstances were unavailing to save the unfortunate man.—N. Haven Herald.

The Pasha of Egypt is engaged in actively circulating his proclamation prohibiting the demolition of ancient monuments, and the exportation of antiquities from U. Egypt; and he has given directions for the formation of a museum in the country, where such objects were to be preserved.

Illinois.—The Grand Internal Improvement Bill, heretofore alluded to as being before the Legislature of Illinois, has been revised, amended and passed into a law. It appropriates ten millions of dollars, specifically, to various Rail Roads and other works of improvement, in that young but flourishing and enterprising State.

"Benefit of Clergy."—A monk invented gunpowder; a bishop, bombs; a benedictine, artillery; and a capuchin, (Father Joseph,) first suggested the introduction of paid spies in the police and lettres de cachet.

Etiquette.—It is much harder to satisfy a lady of a little sense in etiquette than one of discrimination, education, and refinement. The first knows nothing of politeness but what she has learned; the latter penetrates every shade of character and instantly appreciates real gentlemanly feeling, that will not stoop to vain flattering attentions, in its manly independence, not offer an insult to a woman of sense by treating her as a mere creature of whim, to whom a certain round of unmeaning ceremonies must be paid.

THE Undersigned will attend at the Court House, in this City, on Friday, the 31st inst., for the purpose of taking a list of Taxes, Property, &c. Punctual attendance is particularly requested.

100 Dollars Reward,  
WILL be given by the Subscribers to any person who will deliver to them in Wilmington, a Tin Pedlar, whose name is ELBRIDGE W. BUCK, together with a span of Bay HORSES, WAGON, HARNESS, and a load of TIN WARE, and two promissory Notes, one made by S. W. Galahway, for \$26 25, the other made by Miles Potter, for \$15, all of which is the property of the Subscribers, except said Buck, whose character is so bad, that, if he had a different color, he would not be worth owning. Said Elbridge W. Buck is a young man, between twenty and twenty-two years of age. He is about 5 feet, 6 or 8 inches high; had on his left, a hunter's coat and cap; his hair is black; he has a very little beard, and has a sly, hidden look, and a sneaking manner. He professes to be a Ventriloquist. He left Wilmington in November last, in our employment as a hired Pedlar, taking with him property, above mentioned. His native place is the town of Berlin, in Hartford county, State of Connecticut. He has eloped with our property, and we cannot hear of him. This is partly intended as a friendly caution, to put honest men on their guard against this swindler. Any information concerning him which will aid us in the recovery of our property, will be thankfully received, and liberally rewarded.

## -SARPEDON-

(IMPORTED.)  
THIS splendid English Race Horse, and Stallion, imported in 1834, will cover the present Season, (which has now commenced, at my stable, Granville county, N. C., on the main road leading from Oxford to Boydton, Virginia, at \$60 the season, payable before or on the 1st of July next, at which time it will expire, and \$100 insurance, which will be demanded as soon as the mare is ascertained to be in foal or transferred; with one dollar cash to the groom in every case. Care will be taken to prevent escapes or accidents, but I will not be responsible for any that may happen. Servants boarded gratis; good pasturage for mares, and when fed, 33 cents per day, which charge must be paid before the mare will be allowed to leave the plantation—at the discretion of the subscriber.

SARPEDON is a rich brown horse, 16 hands high, foaled in 1828, the property of Gen. Governor—is a horse of the greatest strength and power. His back and loins so remarkably strong, that he is thought to be master of 15 stone; and, as a race horse, he was equal, and generally superior, to most horses of his day, as proved by reference to his memoir in detail, which may be seen in the July (1834) number of the Turf Register.—He is the only son of the famous "Emilius," known to be imported.—Emilius, it will be remembered, is the sire of Plenipotentiary, Scipio, Priam, Riddlesworth and many others, and covers at 50 gs. a mare. SARPEDON possesses more of the stout, Mambino and Benningbrough blood, than any other horse in America, and is a direct cross upon any of our native mares. His performance at three and four years old, (until he was injured,) were of the first character, beating nearly all his competitors, giving some of them high odds in weight. (See Racing Calendar and Sporting Magazine as above.)

N. B.—His (stock) Colts are remarkably large and racing-like.

### PEDIGREE.

SARPEDON was got by that capital racer and unrivalled Stallion "Emilius," by the Great "Orville," who also covered at 50 gs. and was perhaps the best son of Benningbrough, out of a King Herod mare, &c.; his dam Icaria, by the Flyer, grand dam by Dick Andrews, equal to any horse of his day both as a racer and Stallion of his day, and founder of the best stock in England.—Sophia, by Blank—Deane, (Lord Leigh's), by Secome—Mr. Hangers' brown mare, by Stogons' Arabian, out of Gipsy by King William's Notouged Barb—Makeless, Bayal Mare.

The Flyer was got by Vandyke Junior—dam Azalia, by Benningbrough.—Gillflower, by Highflyer—Goldfinder; sister to Grasshopper, by Marske—Cullen Arabian—Regulus, &c. &c. The Flyer was a Capital horse, and sire of "Wings," winner of the Oaks and other good runners.

Van yke Junior was got by Walton, dam, Dubchick, by Porcos—Drab, by Highflyer—Hebe, by Chrysolite—Proserpine, sister to Eclipse

REMEDY FOR  
ASIATIC CHOLERA,  
CHOLERA MORBUS, DIARRHEA, &c. &c.  
Prepared only, and sold by the sole Proprietor, ROBERT S. BERNARD, Druggist, Norfolk, Va.

Price \$1.—Patent right secured.

In consequence of the very great and increasing demand for this invaluable preparation, induced by the many cures which have been effected by the use of it in cases of Asiatic Cholera, common Cholera Morbus in children and disorders of the Bowels generally, the proprietor has prepared, and will continue to keep on hand, a large supply.

This Remedy has been used by many eminent Physicians, some of whom have charge of the largest Hospitals in the United States, where the Cholera has prevailed to a great extent, and been fatal to intertemperate, aged, and laudic persons. Their confidence in this Medicine is such that they say they are not afraid of the most inveterate cases of Asiatic Cholera, when taken in time.

### DIRECTIONS.

Take a table-spoonful of the mixture, with the same quantity of water, every hour or half hour, as occasion may require, until vomiting, purging, and pains have ceased. In common ordinary cases of Diarrhea, a table-spoonful of the mixture may be taken three or four times a day and repeated at night, upon going to bed. This medicine has been administered to children afflicted with diarrhea, or Cholera Morbus. Cholera Infantum, and Summer Complaints, with complete success. In no case has it failed to cure the most inveterate attack. The best mode of administering it to young children, is to take a tea-spoonful of the mixture and mix it with the same quantity of water, giving it as above directed—a little sugar may be added, to make it more palatable. Keep the bottle well corked.

Undoubted testimony of the efficacy of the above Medicine may be seen at the Standard Office—where it is kept for sale.

Raleigh, N. C. Aug. 18. 94-1f.

### Female Boarding School.

THE duties of the school at Lochiel, near Hillsborough, will be resumed on the 23d January. The Subscriber intends affording to his Pupils every facility of acquiring an Education of the highest character, both solid and useful, as well as ornamental. The better to accomplish this object, his number will be strictly limited; and he also designs procuring the services of an able female Assistant from the North. The Pupils of the School are treated in every respect as members of a private family, and while their intellectual improvement is sedulously attended to, a high regard is paid to the cultivation of their morals and their manners. Having now had some years experience in Teaching, the Subscriber feels confident of being able to place his School on a footing with the best Institutions for Female education in the country. The situation of the School, a mile from Hillsborough, is one combining every advantage of retirement and health.

TERMS are \$50 per Session; which includes Board, Tuition and Books. Music and Painting are separate charges.

### PROPOSALS

For publishing in the town of BEAUFORT, N. C. a weekly Newspaper, to be entitled

### THE BEAUFORT BANNER.

IN OFFERING Proposals for issuing a weekly Newspaper, in the town of Beaufort, N. C. the undersigned is fully aware of the difficulties that must be encountered in conducting a Printing Establishment; and having been constantly engaged for a considerable time in several of the first offices in the Southern country, he flatters himself that he shall be enabled to issue a sheet inferior in appearance to none in North-Carolina. Being a native of Beaufort, he hopes that his highest expectations will be realized; in which case the people of Carteret will have a channel through which they can express their views and opinions at large.

Having been influenced to issue these proposals by the earnest solicitations of many of the citizens of Carteret, the subscriber hopes they will not suffer the present opportunity to pass, without lending their aid for the accomplishment of an object of which they have so long stood in need, as they may never have a like opportunity again.

In political matters, the BANNER will take no part; the design being to publish a paper adapted to the interests of all, which could not be effected were the paper to enlist in the party strife of the day. The BANNER will ever be bound to the aid to the accomplishment of all plans of Internal Improvement that can prove advantageous to her citizens. Its selections shall be such as to suit the taste of both male and female, as our only aim shall be to please.

The first number of the BANNER will be issued as soon as a sufficient number of subscribers shall be obtained. It will be published once a week on a large Super-Royal sheet, at the reduced price of \$2 50, in advance, or \$3, if not paid before the expiration of the year.

Persons wishing to become subscribers can have the paper forwarded to them, by addressing me, (post paid.) JOHN S. OLIVER.  
Beaufort, N. C. March 15, 124-3t.

Papers in this State are requested to give the above a few insertions.

### Come at Last!

THE Subscribers have just received 5,000 Boxes Dr. PETERS' Vegetable Anti-Bilious and Anti-Dyspeptic PILLS.

I am aware that many persons have been disappointed in not being able to obtain this valuable Medicine.—But now all reasonable demands can be supplied.

It is useless to comment on the efficacy of the Pills. Wherever they are known, they are rapidly coming into use, and this affords a convincing proof of their merits. They are composed entirely of vegetable matter, and honestly promise no more than they faithfully perform. Perhaps no article of the kind has ever been offered the Public, which is more universally approved or more justly entitled to public patronage.

Dr. P. having been educated under the most eminent American and European Medical Professors, and practised his profession many years in different climates, considers himself well qualified to judge of the nature of inveterate disease.

Prepared by Joseph Priestly Peters, M. D. at his Institution for the cure of obstinate diseases, by means of vegetable remedies, No. 129, Liberty street, New York, Inventor and sole Proprietor. Each box contains forty Pills. Price, 50 cents.
